

Wheelchair Push Gloves

Durable, breathable, comfortable, easy to remove.

- Cushioned palm helps absorb pressure and features a **non-slip grip pad with reinforced thumb webspace** for improved durability and a secure hold.
- **Tipless** finger design allows the user to have unrestricted movement.
- Made with **breathable polyester and spandex**, these gloves help keep hands cool during use.
- The soft, loop-backed rubber closure allows for **easy opening and closing** for a comfortable fit.
- **Finger loops** allow for removing the gloves without turning them inside out.
- Sold in **pairs**. Available in 5 sizes, Small through X-Large.
- Not made with natural rubber latex.
