

ValuTrode® *Lite*

Neurostimulation
electrodes

- Low profile
- High performance
- Ultra-thin
- Flexible
- Reusable
- Economical

ValuTrode® Lite's new design maximizes flexibility to ensure conformity and comfort. MultiStick® adhesive gel provides durability, longevity and performance. This gel is electrically matched to the conductive film for stimulation comfort. ValuTrode® Lite features an oversized edge and an anti-lift border that work together to reduce edge roll-up and ensure increased skin contact.

ValuTrode® and MultiStick® are registered trademarks of Axelgaard Manufacturing Co., Ltd.
