

PRO•FIT

Custom Orthotic Inserts.

Apply heat from a heat gun or blow dryer to customize the arch support.

Unique, customizable orthotic for rearfoot and forefoot alignment.

The PRO-FIT orthotic kit provides the only biomechanically aligned foot orthotic specializing in addressing the forefoot, while allowing appropriate customization of the entire foot — from heel to toe. The combination of needing only six sizes and the ability to treat multiple indications significantly reduces inventory requirements. Each kit is designed to treat common conditions or injuries resulting from lower extremity imbalances of the foot, ankle, knee and hip.

The PRO-FIT orthotic can be quickly custom fitted and dispensed to patients, saving valuable therapist time and effort. Trim using scissors, following the marked trim lines on the bottom, to achieve the proper size. Remove the appropriate correction pad(s) to achieve the desired alignment.

PRO-FIT's footbed is made of various densities of EVA foam, designed to mimic the natural motion of the foot and provide maximum comfort, optimum durability and functionality.

	Size	Men's Shoe Size	Women's Shoe Size	Youth Shoe Size
NC77010-1	XXS	-	3 to 5	1 to 3
NC77010-2	XS	5	6 to 7	4 to 5
NC77010-3	S	6 to 7	8 to 9	-
NC77010-4	M	8 to 9	10 to 11	-
NC77010-5	L	10 to 11	12 to 13	-
NC77010-6	XL	12 to 14	-	-

The orthotic features a deep heel counter for excellent foot and ankle stability and a heel shock absorber pad. Lined with a breathable, moisture-wicking fabric for added foot contact comfort. The footbed contains a contoured polyethylene arch support that can be remolded to provide any desired arch height using a hair dryer or heat gun.

PRO-FIT customizable orthotic kit comes complete with a right and left footbed, plus six removable correction pads for customized placement on each footbed. The correction pads are for supination, pronation, metatarsal, rearfoot lateral and rearfoot medial corrective support. Instructions for customization are included.

Designed by certified Pedorthists and Physical Therapists.

Available in six adjustable sizes to minimize inventory. Sold in pairs.

Doo-Dad™ Kit features a variety of 38 pads to modify PRO-FIT insoles when extra support is needed. Each bag includes: 6 metatarsal pads (3 of each size left and rights), 12 supination pads (2 pairs of each size, right and left), 12 pronation pads (2 pairs of each size, right and left), 8 rearfoot pads (1 pair, 2 medium, and 1 pair large).

Pre-Pack Starter Kit comes complete with 15 pairs of PRO-FIT insoles consisting of 1 XX-Small, 2 X-Small, 4 Small, 4 Medium, 3 Large, 1 X-Large size, plus 1 PRO-FIT Doo-Dad™ Kit.
